Shrine Corner
Shrine Floor Completion

Hi all! My name is Kris Babcock. I am the main picture taker for the Shrine & Church Facebook pages.

I have been taking pictures of the Restoration all along the way, from top-to-bottom and start-to-finish. So when I went to ask Brian Nelson, our stone mason, that when they get to the last paver to be placed, to please let me know so I could take a picture for our Rededication page that we were putting together. He told me that if I wanted to, I could put together a time-capsule and place it under the last deep paver.

On Wednesday, July 22nd, pictures were taken of me and two of his guys placing the time capsule under a paver that are two over from the left bench on the Altar, walking up to the Shrine.

When they got to the final stage of the Restoration and were placing the last pavers on the risers on the bottom row, I again asked if they would let me know when they were ready to place the very last paver for the project so I could get a picture of that. I was told that since I was such a part of it, I should be the one to help place it.

On Friday, September 4th, Jesse, one of the stone masons, and I placed the last paver of the Shrine restoration. Two other people took those pictures and a video—these are the only pictures of the Restoration I didn't take that were put on the Facebook pages! Lol! *(See picture below)*

This became the end of a 12-year Restoration and I feel the platform is the most important part. If you look at the before-and-after pictures of the platform—WOW, the difference just leaves you speechless!

I am so glad to be a part of this and to be able to share it with people on Facebook. There was fantastic feedback.

God Bless!
Kris Babcock

P.S. Next week will be on the contents of the time capsule.
